Dear Sir,
I am pleased to hear
from you.

Mike the Scum, the zoomer, the
bum.

He's a grump and a punk and
he loves to flunk.

7 neckles and red-hair, he's always
fair.

Beer is his drink, he can drink
until he sinks.

We'll love him 'till eternity with
absolutely no uncertainty.

Mike's a scum!!

Back to the basics: hanging around with friends, competing and doing homework. Wondering when all the hard work and stress is going to end. We all find our own little way to relieve this stress. Break is the time most of us do this. Here are just a few glimpses of our craziness and spirit throughout the year.

Student

Are we having fun yet!?

Albert Johnson

There are many types of people in Perry High School. No two people are alike. There are the studious and the athletic, the friendly, those who defy description, and then the category in which most of us fall — the bored. Perry has people of all kinds.

To a real sweet person. I just met you this year, but I feel I can talk to you when it comes to Matt. Had fun with you + Mike at Prom. I wish we would have more time to get to know each other better. Stay Sweet, have fun with Mike, and have great times with your life. Hope to see you in future years to come

THINGS WE'LL ALWAYS REMEMBER — BUT WHY??

For most of us, this will be our only senior year; thus, it holds extreme significance. This however, may not be a good enough excuse for those of us with tired or warped intellects to remember especially outstanding occurrences. Such things as these come to mind: "You have achieved the most pencils stuck to the ceiling." The poem of the day in Mrs. Miller's class (an extended version of Mark O'Donnell's POTD. — in Mrs. White's class), Mr. McDevitt watching us eat while we watched Mr. Kamminga eat lunch, and let's not forget R.T. Sheehan's classes — notes, notes, and more notes! Those English demonstration speeches and debates. And let's not forget the student teachers: Mr. "Uncle Tim" Romish, Mrs. Bauman, Mr. Koykendall and our favorite substitute, Mr. "Bruce" Pfeifle. The seniors also witnessed an epidemic of pregnant female teachers, and some interesting pictures in Ken Prudden's locker.

Escape From Bondage

Most people believe that break is wasted time. Somedays it is a learning experience. You can gossip and shoot the bull with friends. You are able to observe what styles are hot and what are not so hot. If you enter "Bucky's" room, you can learn how you did on a test. You can also observe various views of the American high schooler, throughout the corners of the hallway square. While cruising the square, you can observe the activities around the famous benches. For several pieces of wood and some donated carpet, they have a high value.

Break is a time to be seen, unless you are a freshman. Some people do not want to be seen, such as the lovers who, with the closing of the ag. hall, had to find new corners and walls.

The bathrooms have always been a famous hang out. It is where the boys can be boys and the girls can be girls. Have you ever wondered how many people have looked in the bathroom mirrors?

Break is a twenty minute "vacation" for high schoolers to use their imagination with benches, hallways, trash cans, lockers, garbage, hacky sacks and anything they can invent to entertain themselves.

DEATH OF THE 4 BASIC [FOOD] GROUPS

You spent most of fourth hour thinking about it. You nearly killed yourself and several others running to get it. Now you're there. You stand, grinning, in that coveted position: in front of the trays — chocolate milk in hand. The smile slowly slides from your face as you recognize the meals before you. Your choices are narrowed down to the infamous meatball sub and the not so well known sea pizza — whatever that is. Of course, there is succatash and, under the heat lamp, peaches. You slowly realize your best choice is to follow the crowd — to the store for a TWIX and a bag of GUMMI BEARS.

THE YELLOW, (OR IS IT ORANGE?) BUS.

One of the reasons that everyone wants to turn 16, as quickly as possible, is so that they can drive themselves to school. Why? Well, if you have ever stood in sub-zero weather temperatures for half an hour, waiting for a late bus, or have been subjected to such revolting antics as belching contests — you would know why.

Another thing . . . let's face it, some bus drivers are not cheerful people. In fact, some are downright tyrannical! We realize that it is a rough job but a child's first impression, of the day, should not be a scowling bus driver.

So when your parents give you that old line, "I walked ten miles to school; you should be glad to have a bus to ride," you should be thankful for not walking, but riding the bus can be a true test of your mental stability.

Agony or Ecstasy (an A or an E)

School has been a lot of fun, but the end of each term has filled many a young heart with dread. Why? Report cards! Those insignificant slips of computer paper which rate how well you have completed a class, often can be the difference between going out on Friday night, and sitting home. For such tiny scraps of paper, they sure do have a large impact on your life!

On report card day, many an upset exclamation has been heard from despairing students. Upperclassmen especially are heard to comment the most their "ever important" GPA (though some by their senior year are beyond the point of caring).

Last, but certainly not least important, is showing the card to Mom and Dad. There are several ways to go about this. First of all, if you have a good report card, by all means show it to them. If you're not so lucky, you can either not tell your parents you got your report card, or change it (this is done mainly by changing -'s to +'s).

Basically, I believe the last thing anyone will remember about high school is a good or bad report card (It is unlikely that most people will remember their final GPA). So for those who don't have the perfect GPA, don't despair, it doesn't matter anymore!

Do you remember "cooties"? The girls all thought boys carried them, and the boys were positive the girls had them. No one wanted to sit by a member of the opposite sex, because "I might get cooties!" As a tribute to those days, there is at least one boy in each row of girls. Do you see any "cooties"?!

Chow Dog
By Debbie Haskell

As the proud owner of a chow dog, I can tell you how much they love to eat. My dog really enjoys munching his dog chow. He also loves bones.

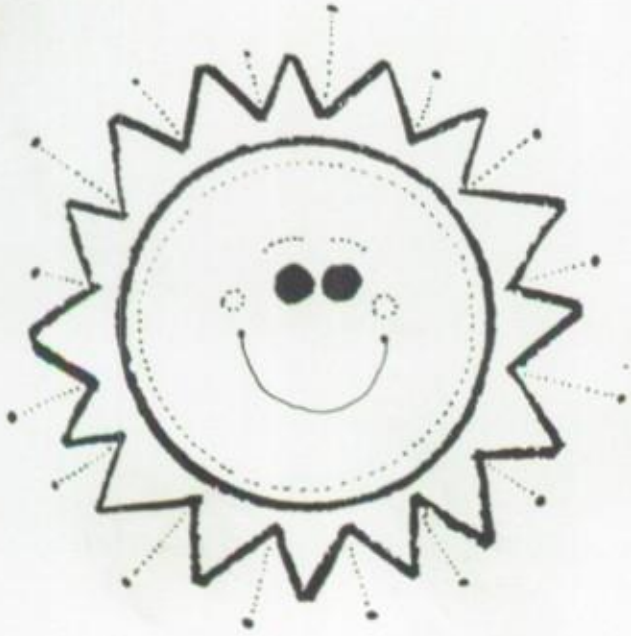

A chow dog's day is filled with acting furious by barking and growling. They also like to do a great deal of romping around outside.

Chow dogs are very hardy and enjoy the snow. Chows with their rather funny shape, shiny white teeth, and pink and black tongue, are cute and loving pets.

SUMMER

by Bethany Schneider

Sun warms the water making it good for swimming.

It sends kids outside to play on their swings, while moms and dads play tennis.

Tennis balls and rackets shine against the warm summer breeze and thoughts of ice cream and wading in a cool pond creep into the mind as warm skies mix with breezy nights in summer.

MY MOTORCYCLE

by Rusty Southwell

I race in fast speed; the engine almost blew up once.

One day, I was working on my engine, — it's loud! (it's a Honda).

I remember we went on a trail riding our cycles, wearing our suits

When I turned up my motorcycle, I had to work with my gloves on.

My shocks were good but when I raced I bounced and my muffler fell off.

I fell off!

The First Americans

by Tammy Lynn Bigford

Columbus set out to reach India and thought he had reached it when he found America. For this reason, he called the natives he met, Indians. Other early explorers called them Redskins, because of the copper color in their skin.

The Indians could not tell Columbus their story for they did not know it themselves. People later began to dig out parts of their ancient history from the earth itself. Ancient bones of men and animals, tools and the charcoal and campfires give clues to the way they lived.

Earning An International And Intercultural Education

PASCAL L'HUILLIER is from Geneva, Switzerland. He has been to England, Spain, Malta, and Israel with his parents. He has been to France and Italy with friends to sail and ski. To relax, Pascal listens to music, reads books and newspapers, and watches T.V. Pascal's stay in the United States is not his first international educational experience. He spent a month in Germany with a family to learn German. In his own words he says, "I am not really the academic type but I am interested in lots of subjects." A few of his interests are English, art, law, geography and architecture.

MARI NISHIO is from Ichikawa, Chiba, Japan. Her host family is the Dick and Jane Fortman family. Her interests lie in the math and science areas. In junior high school she was in a computer club; this computer interest extends to playing computer games with her family and friends. One of Mari's possible career choices is that of an astronomer. Her favorite book is "Cosmos" by Carl Sagan. As she puts it her English is "far from perfect . . . but I am going to do my best." Mari loves her family very much and she appreciates the kindness of her parents who have given her this chance to learn about a different culture.

NESTOR GUILARTE is from Caracas, Venezuela. He is hosted by the John and Wanda Rann family. This is not Nestor's first trip to the States. He has been to Miami, New York and Atlanta. During spare time he paints, collects coins, reads magazines and goes out with friends. Whenever he can, he goes to a country club to play tennis with his family or boating with his friends. His career interests lean toward dentistry, specifically odontology. Some school subjects that interest him are economical geography, biology and English. What would Nestor like to gain from his YFU experience? A knowledge of new situations that he can't see in his own country and to learn about other forms of living and customs. Nestor says his parents are, "just the best."

The 1986 Women's Cross Country Team had an excellent running season. Finishes included 2nd at the Rambler Run, 2nd at the Chesaning Invitational, 2nd at the Shiawassee County Meet, and 2nd at the Ingham County League Meet. Team spirit was high, and it was a very enjoyable season.

Cross Country

This year the only state qualifier was Lisa Kloss. She placed an overwhelming 7th in state competition at Rolling Hills Golf Course. Lisa was also 2nd at the Ingham County League Meet making her 1st team all league. Molly Coffey placed 11th at the meet, making her 2nd team all league.

The Lone Seniors: Lise and Molly.

The Cross Country team showed their spirit by carrying the Homecoming football from Fowlerville to Perry. Neither rain nor mud, nor loss of keys could keep the Perry Ramblers from showing their enthusiasm.

Basketball

Where did that ball go??

The girls' basketball team may not have had the best record (overall: 4 and 16, ICL: 2 and 16), but they were full of potential. This year's team was coached by Randy Goodman, a rookie to coaching girls' basketball. The team was led by four returning lettermen, four of whom were seniors: Renee Babcock, Stacey Dick, Wendy Schmidt, and Marcia Stuart. The season was haunted by injuries, but the team did their best!

"Winning is fun. Sure. But winning is not the point. Wanting to win is the point. Not giving up is the point."

Football

RAMBLERS TAKE SECOND INGHAM COUNTY LEAGUE CHAMPIONSHIP.

The team finished the season with a 7-2 overall record. The team was the first in history to repeat a championship year. The task was not easy. Haslett, Bath and Fowlerville stayed right behind the Ramblers, threatening to make the title a four way tie. Perry then defeated Bath, to clinch the title, late in the season. The senior football players tied the varsity career, win and loss, record. In the past two years, they reached the record of 16-2.

The league stand-outs: Mark Warfle (1st team Quarterback, 1st team Linebacker), Scott McGraw (1st team Off. Tackle, 1st team Def. End), Ken Carpenter (2nd team Off. guard, 2nd team Def. Noseguard), Jim Fast (2nd team Def. Back), Richard White (2nd team Linebacker), Monty Myles (2nd team Off. Back), Mark Frever (Hon. Mention Off. Tackle), Tim Warfle (Hon. Mention Off. End).

Varsity Cheerleaders

The 1985 cheerleaders had an exciting season! They began practicing in June, and attended a Kalamazoo cheerleading camp in July. There they captured a first place rating for their dance routine which was choreographed to "Baby, I'm A Star!"

Varsity cheerleaders were: Cathy McOwen, Michelle Nelson, Darcy Pearce, Gayle Smith, Connie VanOteran, Tami Austin, Diana Hill, and Lena Schlienzen.

Another season highlight was the chance to cheer the varsity football team on to an ICL Championship!

The 1985 golf team finished the season with a 5-7 (win-loss) record. The highlights of this season include: a 4-0 start, an eighth place finish in the Perry Invitational, and a fourth place finish in the Ingham County League Meet. This league meet finish, combined with the dual league record, put Perry in fourth place overall in the league standings. Rob Maize and Rick Perry both made Second Team on the Ingham County League Team.

Marching Ramblers

Kate Stenbeck and Heather McDevitt carried the band banner for the Homecoming parade.

The Line Up!

The Marching Ramblers attacked the field in new uniforms and flags this fall. After practicing and maneuvering at band camp and at night rehearsal, the band was ready to take on the world. The band showed its endurance through the down pouring rain of the Homecoming game. As one freshman said, "I feel like a rabbit that was just dropped in the toilet!" Not only the mailman works in all forms of weather — the Marching Ramblers do too!

Oom-Chug-a-lug-a-Oom!!

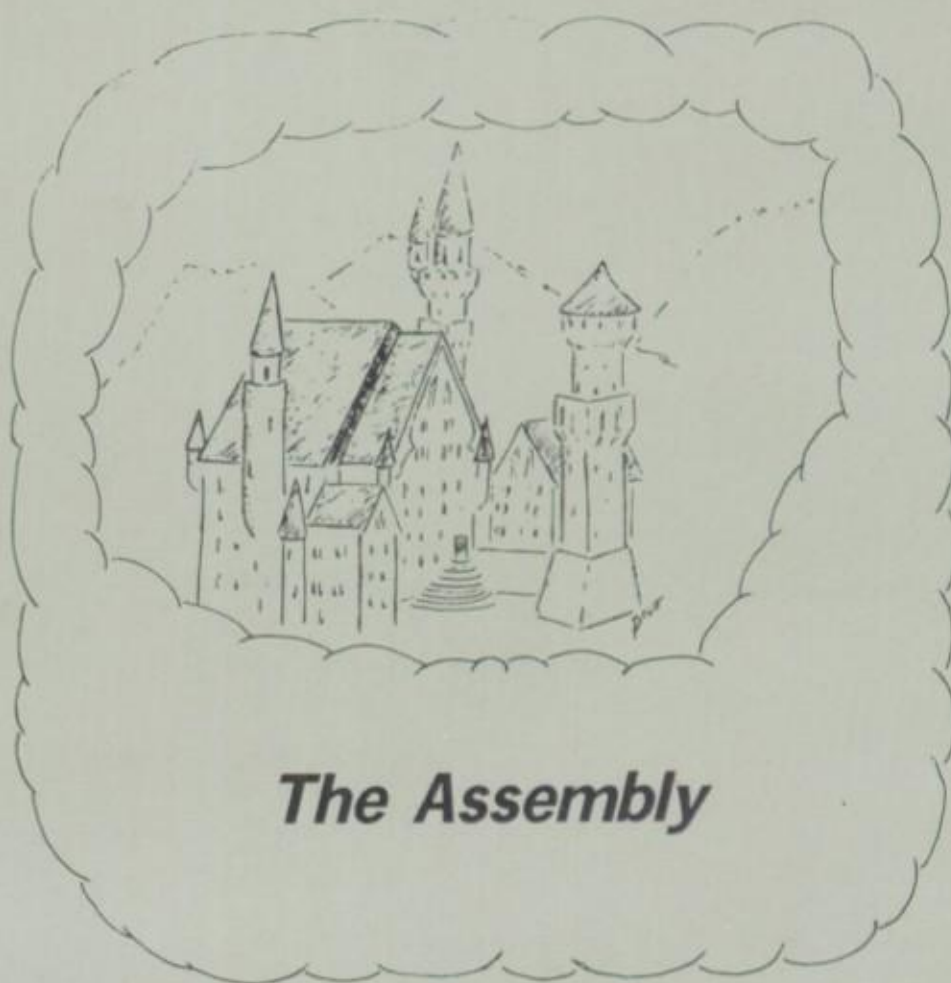

When You Wish Upon A Star

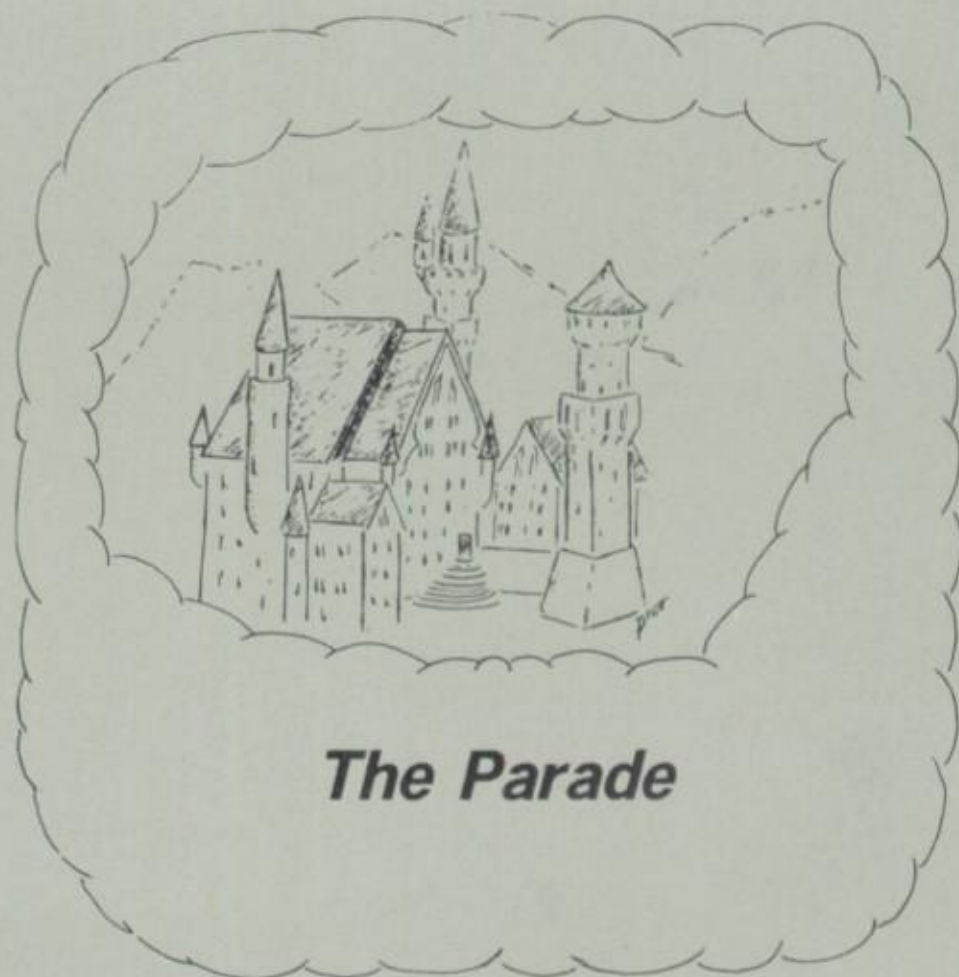

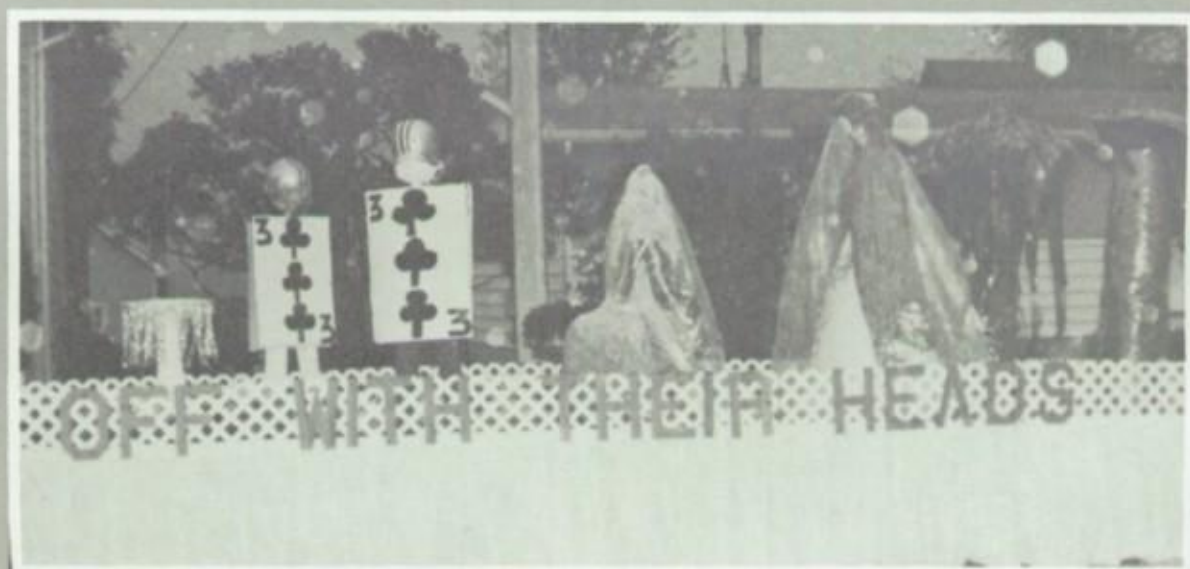

The assembly's purpose was to put some pep into an otherwise dreary day. The many winners of the spirit contests that were held were awarded tickets to the Homecoming game. The Cross Country runners sprinted in about eleven minutes before the pep rally ended. The noise crescendoed as they ran counter-clockwise around the gymnasium. Immediately following, the football team received the football of Fowlerville and proceeded to demonstrate some of the maneuvers necessary to accomplish a victory.

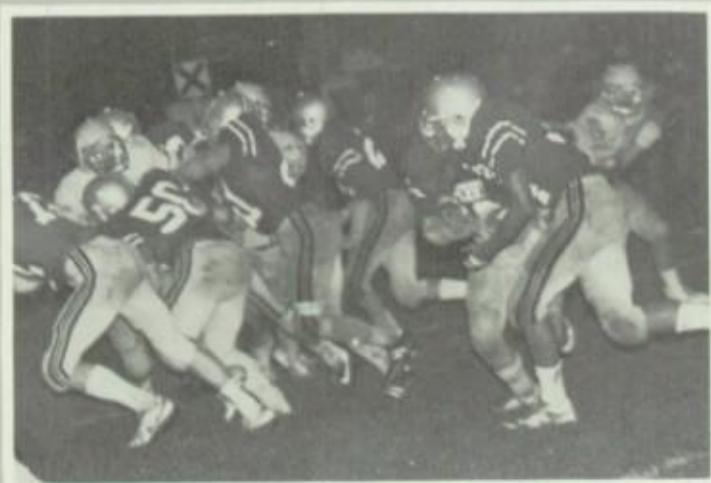

This year's Homecoming is an event in our lives that we will not soon forget. Our parade was at the mercy of a downpour. With the conditions, the groups in the parade presented a good show. With the help of umbrellas our representatives and the court were able to remain fairly dry.

The Parade

This year each float was well-decorated and looked nice even though the weather was harsh on them. The placings were: 1st — Juniors with "Off With Their Heads!", 2nd — Seniors with "Cinderella," 3rd — Freshman with "Jack And The Beanstalk," 4th — Sophomores with "Little Red Riding Hood."

The Game

The rain made for a tough football game. The field took on the appearance of a moat. Fowlerville played hard. The Rambler defense had a hard time "digging in". The Gladiators were the first to score with 7:54 left in the first half. In the fourth quarter Billy Schmidt scored on a 75 yard run and Monty Myles went in for a two point conversion. Fowlerville was relentless, scoring with 5:36 to go in the 4th quarter. The Ramblers made a valiant effort as the game came to a close. The final score was 16 to 18. Coach David Schansky had one simple thing to say, "The weather didn't matter - We Lost!"

Lisa Kingsbury and Craig Bauer

Stacey Dick and Ken Prudden

This year as many years the homecoming court looked enchanted. Their happiness at their special evening was only diluted, not drowned, by the torrential downpour. The ladies had chosen gallant escorts that held umbrellas for them; Craig Bauer, Brian Emery, Mark O'Donnell, Ken Prudden, were Perry's finest examples of candidates for King Arthur's "Chivalrous Knights of the Round Table." Stacey Dick was crowned by 1984 Queen Patti Wolverton, at half time. One person's "Fairy Tale" came true!

The highlight of being selected as a member of the National Honor Society is induction. Inductees and their parents received an invitation to an inspiring ceremony. Current members hold a lighted candle and inductees enter the auditorium with an unlit candle and leave lighted by the honor society spirit. This spirit is not always one of serious academic concern — especially for the group pictured. As we introduced ourselves as daughters and sons, a son accidentally became a daughter — he followed several girls in the introductions.

Quiz Bowl

Back row l to r: Mark O'Donnell, Beth Fulton, Mr. Sheehan (coach), Jeff Wilson, Jason Barker.

This is the second year Perry has fielded a Quiz Bowl team. The team of nine members is coached by social studies instructor, R.T. Sheehan. Very active, the team competes in three different contests. These are: Alma College Quiz Bowl, Ingham County League, and Channel 28's High School Challenge. Members prepare for competition by practicing during homeroom at least three days per week and scrimmaging on Wednesday evenings.

B.O.E.C. started out the year by selling tins of candy and nuts. The next fund raiser, candy and cookies were sold. A new fund raiser was added that was much more exciting! Hudson's sponsored a fashion show and B.O.E.C. members modeled the business attire. There were student and teacher models. They had lots of fun!!

B.O.E.C. competed in regional competition and finished second. Twenty-seven students placed.

S A D D

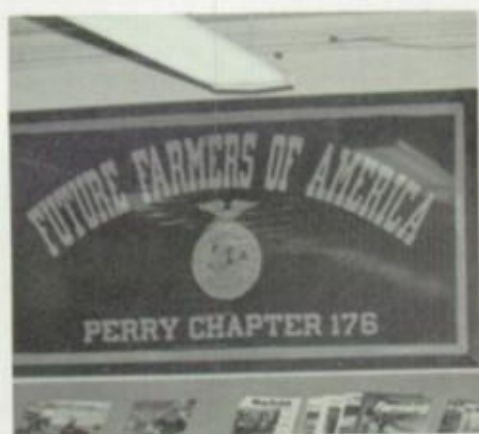

S.A.D.D. distributed two flyers during the year: at Halloween, ghosts; and at Christmas, stockings. Each flyer had a piece of candy attached to it and also had an important message, "Don't drink and drive."

The S.A.D.D. organization sold candy bars with the Varsity Club and was in charge of the concession stand at a Varsity Basketball game to earn money. Also, a goal for late April was to have a police officer come to school to show a film, "Kevin's Story," to promote awareness of drinking and driving before prom. The movie was teenager's story of how he was driving drunk one night, struck a girl and killed her.

Officers (left to right): Publicity Chairperson — Marcie Johnson, Treasurer — Barb Robinson, President — Mary Lynn Nama, Vice-President — Gayle Smith, Secretary — Beth Fulton.

The S.A.D.D. members ventured on a trip to sixth grade camp the week of October 21st. They met in small groups with close to four campers in each. The members tried to inform the youngsters of the dangers of drugs, especially driving under the influence. They also did skits and had the sixth graders participate. All in all, the days were full of fun, excitement and learning. Members included were: Mary Nama, Stacie Spickard, Crissey LaBelle, Billie Jo Manor, Kelly Russell, Barb Robinson, Marice Johnson, Shannon Wilson and Richard White.

Future Farmers Of America

In 1985-86, the 62 member Perry-Morrice Future Farmers of America chapter celebrated its fiftieth year. Members learn valuable academic, leadership, and agricultural skills to prepare them for careers in agriculture.

Fifth row (L to R): Mike Bushard, Matt Schlicklin, Anne Schliska, Tim Teichman.

The Perry-Morrice FFA chapter is very highly regarded in the state of Michigan. It has had many state and national skills and leadership contest teams. In November, 1985, the Dairy Judging team won a silver award at the FFA National Convention.

Four degrees may be earned by FFA members; these are: Greenhand, Chapter Farmer, State Farmer, and American Farmer. Over 50 chapter members have received the State degree. In March, Beth Fulton, Jodi Harrington, and Tammy Placeway were awarded their degrees at the state convention.

The 1986 wrestling team worked towards improvement. The team mainly consisted of freshman and first year upperclassmen. The team wrapped up their season with a record of 12 wins and 17 losses. The outstanding wrestlers of the year were: Dean Oscenasek with a record of 32-13, Mick Holsinger with a record of 34-13, Ken Crim with a record of 29-16 (who also qualified for regionals), and Tim Partridge with a record of 26-16. Other highlights of the season were: the team's effort to form a competitive wrestling team for Perry High and accomplishing triple wins over Bath, Waverly and Potterville.

Coach Witbrodt is optimistic about next year's team. "The season was one of great improvement and I enjoyed it and am looking forward to a very successful 1986-1987 wrestling season."

This year's gymnastics team went through a season of many injuries, consisting of several broken bones. The team, made up of three seniors, one junior, sophomores and freshmen, faced many competitive teams and a challenging year. With young members, they look forward to making next year the best it can be.

Missing from Picture: Coach Lockwood

This year's team was led by the three Seniors: Stacey Dick, Lisa Kingsbury, and Mary Nama. It was Coach Lockwood's first year at coaching volleyball at Perry. She was known for her laps and "Russian Jumps." Overall, she was happy with the effort and spirit of the players.

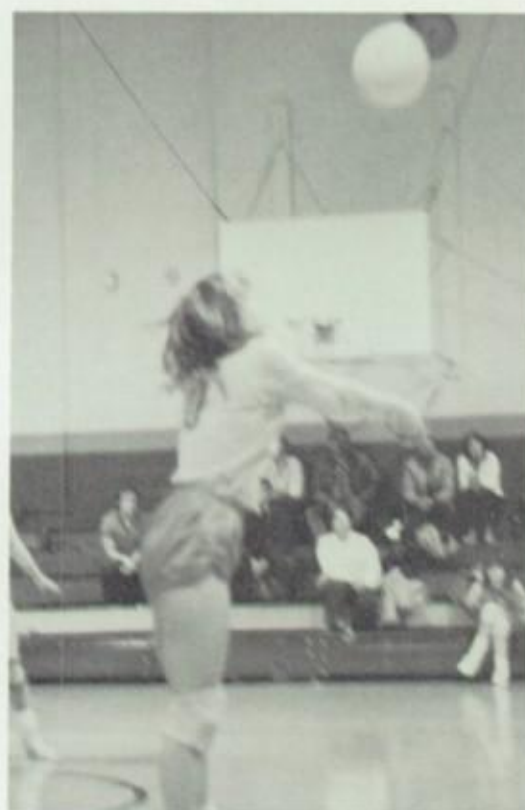

Volleyball

Kim and Lisa ready and waiting.

Setting up for the spike!

This year's volleyball team didn't start out too well, but they came back strong at the end! They had a winning streak of six matches at mid-season. Some of the highlights were sweeping both games against the Haslett Vikings, serving well against Dansville, and a good passing game against Fowlerville.

J.V. Volleyball

Front row (left to right): Carrie Dunn, Lynn Dodson, Gail Kucharek, Stacie Harriger. Second row (l to r): Micki Anderson, Sue Hudson, Amy Schmidt, Christi McGonigal.

The JV volleyball team had a very good season. This year was the first season for the junior varsity to have their own coach and separate practices from the varsity. Coach Kelly Ransom did very well in this position. The benefits of more individualized attention were obvious in the team's playing. Returning sophomores (Carrie, Lynn, and Gail) provided passing, setting, and serving stability to the team. Freshmen members learned quickly, picking up valuable techniques to use in the future. At the season's end the team posted an overall 8-8 win-loss record, with a 7-7 ICL record.

Waiting for the serve.

Front Row: Manager Olson, Gene Diebler, Ken Polhemus, Jim Cox, Jason Barker, Jim Swain, Mike Lucas, Manager Bill Price

Coach Randy Goodman's J.V. basketball squad had its finest season ever since he has taken over. The J.V. cagers at this printing have a 13-6 record. Highlights for Goodman's "winningest" year were their one point win over Pewamo Westphalia, and their three point win over Williamston after an earlier nineteen point trouncing.

Varsity

The Varsity Perry Cagers for the 1985-1986 season are as follows: Back Row (L-R): Coach McDevitt, Montgomery Myles, Tim Warfle, Mark O'Donnell, Brian Emery, Ken Prudden, Tim Smith, Richard White, and manager Joe McDevitt. Front Row (L-R): Jon Galbavi, John Parkhurst, Carl Hahn, Ben Billings, Steve Simpson, Mark Warfle, and Rob Dick

Basketball

Prudden posting up big.

Here is Brian attempting to free throw, not slamming one home. Which do you prefer?

This year's basketball team had its ups and downs, slam dunks and air balls; but overall they had a good year. A few of the highlights were: defeating a previously undefeated Pewamo Westphalia team soundly; winning the Depot Trophy for the sixth consecutive year; having a player from our own team electrify the crowd with a dunk during a home game. Overall the basketball team had an above average year, winning at least ten games for the first time in a long time here at Perry. We hope the winning continues for a long time. Good luck for the rest of the century here at Perry.

Varsity

This year's varsity cheerleading squad consisted of the following members (clockwise from back): Connie VanOtteren (senior), Diana Hill, Gayle Smith (senior), Terri Cooper, Cathy McOwen (senior), Beth Fulton (senior).

Winterfest

The week of activities was originally scheduled for February 3-7. Due to snow days — darn — students got to laze around Monday, Tuesday, and Wednesday, so the event was rescheduled for February 17-21.

A Special Week

Mr. McDevitt and Mr. Kamminga are always present to keep the activities in line and running smoothly. Students make everything what they want it to be and usually the focus is fun. Billy Schmidt decided to turn ice sculpture into a prophetic experience.

Spirit Days

Monday: 50's and 60's
Tuesday: Senior Citizens
Wednesday: Summer
Thursday: International
Friday: Red and White

For most of Perry High Winterfest is just a lot of fun. Others have viewed it as an excuse to get out of class. The lists for ice sculpture fill up within minutes of their blank revelation. To make the list means no homeroom, no 6th hour, and no 7th hour on Tuesday. Wednesday, the 4th hour games assembly means no classes again. The pep assembly on Friday means getting out of class 7th hour.

Ice Sculpture

The ice sculpture contest took place on Tuesday; it began at 12:28 and ended at exactly 2:30. Each class was allowed 15 sculptors using shovels (chisels, spoons), buckets, and food color (coal). The criteria for judging was staying within the theme, neatness, originality, size, and detail. Mr. Kamminga, Mr. Nestell, and Linda Devries were the judges. The theme for Winterfest was "Movies."

First place went to the Freshmen class with a likeness of a Dalmation from "101 Dalmations." This was a great accomplishment for the class' first attempt.

Second place went to the Sophomores who made a Tenderheart Bear from the "Carebear Movie"

Fourth place went to the Seniors whose inspiration was the movie "Animal House." Never before had a dead horse graced the school's front lawn.

Third place went to the Juniors with their rendition of a submarine captured by a squid from "20,000 Leagues Under the Sea"

Is It All Fun And Games?

The students cheered with excitement as the assembly began. There was a "big stink" because the Freshman were winning the spirit competition. A few posters were put up that described the juniors feelings about ice sculpture judging.

The gym floor got its share of the excitement as the egg on spoon relay began the days events. The timer was set and after eight minutes of passing eggs back and forth the Freshman came out on top. Not only was the floor a target for eggs it was also a bullseye for the frisbee toss. As usual there were wimpy and hefty tosses that were short or beyond the point areas. The floor was a mess again as the egg throw began. The Juniors proved most daring and went the farthest. While the Seniors finished a close second with Jim Fast's acrobatic catching style. The brown bag event went down in history as mass confusion. The contestants collected shoes, socks, money and shoelaces from their classes. They also lit and doused candles. The Juniors seemed to make fools of themselves faster than the others and won the event. The tug-o-war was an upperclass dominated event. The Juniors beat the Freshman and the Seniors beat the Sophomores. Following the tug-o-war everyone took in a late lunch and homeroom was cancelled (to the dismay of absolutely no one!).

Academic Contests

This year the Student Council decided to add academic contests to the list of Winterfest activities. The subjects covered by the different tests were: English, Geography, Typing, Science, and Art. Tests took place during Homeroom on Thursday.

The Science test was a crossword puzzle involving technical questions. The class with the longest science background, (seniors), finished first, and the next three places followed suit (jrs., soph., fresh.).

The typing test consisted of a timing. The seniors and freshmen were the only classes whose contestants showed up. Once again the most experienced prevailed, and the seniors won.

The English contest consisted of a poem to be submitted on Wednesday. The juniors won with a fine poem by Marcie Johnson. The other finishes were: freshmen second, seniors third, and sophomores fourth.

More Spirit Days

The Climax Of The Spirit Contests

The final spiritual preparation for the big game was a pep assembly. The classes filed in and listened to the pep band playing the Star Spangled Banner with great respect before breaking loose. The cheerleaders did a special cheer for the basketball teams. The winners of the poster contest were the sophomores! The nylon game was received by all with great satisfaction. The seniors connected the fastest and stumbled over the finish line first.

The seniors showed the most spirit in their four years of high school. They wore togas and did the jitter from "Animal House". The jitter was repeated after losing the tug-o-war to the juniors. The final score was announced. The seniors and juniors tied for top honors while the freshmen placed third and the sophomores placed fourth.

The King And His Court

The escorts were: Lisa Kloss (above), Pam Walter (above right), Stacey Dick (at right), and Crissy Churchill (below).

Winterfest King candidates: Craig Bauer, Brian Emery, Mark Warfle, Mark Frever.

Game

The Winterfest Varsity Basketball game kept fans on the edge of their seats. The score was very close through the game against the Fowlerville Gladiators. The final score was Fowler-ville — 61, Perry — 59. High scorers in the game were Richard White with 26 points and Winterfest King Brian Emery with 16 points.

Dance

After the game, everybody unwound at the dance, with the D.J., Lightning. Everybody had a wild time and enjoyed themselves. It was unusually light for a dance because the Perry cable channel filmed it.

The concert band was very active this year. March 2nd the band performed the pre-festival concert to prepare for the festival the next week. Other spring performances were the spring concert and a concert at the capitol. Spring parades were the Memorial Day Parade and a parade celebrating Lansing's 150th birthday.

Notice how the floors shine? How you can even see through the office windows? All thanks go to those very ready, in demand, custodians. We never give them much thought when we walk through their sweepings, but they keep our school looking proud. A new aspect of our custodial system is the fact that it is privately supervised. Ron Drubal, the supervisor, is here to make sure our halls look ship-shape.
